Fifty Years of "The Battle of Algiers" May 25 2020 The Battle of Algiers, a 1966 film that poetically captures Algerian resistance to French colonial occupation, is widely considered one of the greatest political films of all time. With an artistic defiance that matched the boldness of the anticolonial struggles of the time, it was embraced across the political spectrum—from leftist groups like the Black Panther Party and the Palestine Liberation Organization to right-wing juntas in the 1970s and later, the Pentagon in

2003. With a philosophical nod to Frantz Fanon, Sohail Daulatzai demonstrates that tracing the film's afterlife reveals a larger story about how dreams of freedom were shared and crushed in the fifty years since its release. As the War on Terror expands and the "threat" of the Muslim looms, *The Battle of Algiers* is more than an artifact of the past—it's a prophetic testament to the present and a cautionary tale of an imperial future, as perpetual war has been declared on permanent unrest. *Forerunners: Ideas First* is a thought-in-process series of breakthrough digital publications. Written between fresh ideas and finished books, *Forerunners* draws on scholarly work initiated in notable blogs, social media, conference plenaries, journal articles, and the synergy of academic exchange. This is gray literature publishing: where intense thinking, change, and speculation take place in scholarship.

The Battle Book Aug 20 2022 This book presents the statistics, tactics, purpose and outcome of over 500 major land battles over 3000 years of warfare. Each entry follows a standard tabular lay out for easy usage. There are appendices on key commanders and first use of weapons. '

The Battle Book - Volume 1 Jul 19 2022 May 1809. Napoleon's Grande Armée has taken Vienna and is preparing to cross the Danube, but the Austrians are waiting for him in Essling. The carnage can begin ... Louis-François Lejeune, young colonel attached to the emperor's staff, meets his old friend Henri Beyne in occupied Vienna. He also meets the beautiful Anna Krauss, with whom he is madly in love with. Nearby, though, Napoleon is attempting to crush the Austrian army, and organising the crossing of

the Danube for his troops on a single pontoon bridge hurriedly erected near Essling. Louis-François is forced to abandon his love and return to the front - and the coming firestorm ...

Armageddon Dec 20 2019 One of the greatest military feats during the Second World War was the transformation of the German force's activities in the weeks following the battles in Holland and the German border, where the Allies had finally inflicted the greatest catastrophes of modern war on them. Somehow the Germans found the strength to halt the Allied advance in its tracks and to prolong the war to 1945. This book is the epic story of those last eight months of the war in northern Europe.

The Battle Feb 20 2020 A fictional re-creation of the 1809 battle of Essling captures the events of the conflict, Napoleon's first major defeat, through the experiences of real-life people of the time.

The Battle of Life May 05 2021

The Gauntlet May 17 2022 A trio of friends from New York City find themselves trapped inside a mechanical board game that they must dismantle in order to save themselves and generations of other children in this action-packed debut that's a steampunk Jumanji with a Middle Eastern flair. Nothing can prepare you for The Gauntlet... It didn't look dangerous, exactly. When twelve-year-old Farah first laid eyes on the old-fashioned board game, she thought it looked...elegant. It is made of wood, etched with exquisite images—a palace with domes and turrets, lattice-work windows that cast eerie shadows, a large spider—and at the very center of its cover, in broad letters, is written: The

Gauntlet of Blood and Sand. The Gauntlet is more than a game, though. It is the most ancient, the most dangerous kind of magic. It holds worlds inside worlds. And it takes players as prisoners.

Victory of the West Feb 14 2022 In this compelling piece of narrative history, Capponi describes the clash between the Ottoman Empire and the Holy League that led to the Battle of Lepanto and takes a fresh look at the bloody struggle at sea between oared fighting galleys and determined men of faith.

*The Battle for Rome Nov 30 2020 In September 1943, the German army marched into Rome, beginning an occupation that would last nine months until Allied forces liberated the ancient city. During those 270 days, clashing factions -- the occupying Germans, the Allies, the growing resistance movement, and the Pope -- contended for control over the destiny of the Eternal City. In *The Battle for Rome*, Robert Katz vividly recreates the drama of the occupation and offers new information from recently declassified documents to explain the intentions of the rival forces. One of the enduring myths of World War II is the legend that Rome was an "open city," free from military activity. In fact the German occupation was brutal, beginning almost immediately with the first roundup of Jews in Italy. Rome was a strategic prize that the Germans and the Allies fought bitterly to win. The Allied advance up the Italian peninsula from Salerno and Anzio in some of the bloodiest fighting of the war was designed to capture the Italian capital. Dominating the city in his own way was Pope Pius XII, who used his authority in a ceaseless effort to spare Rome, especially the Vatican and*

the papal properties, from destruction. But historical documents demonstrate that the Pope was as concerned about the Partisans as he was about the Nazis, regarding the Partisans as harbingers of Communism in the Eternal City. The Roman Resistance was a coalition of political parties that agreed on little beyond liberating Rome, but the Partisans, the organized military arm of the coalition, became increasingly active and effective as the occupation lengthened. Katz tells the story of two young Partisans, Elena and Paolo, who fought side by side, became lovers, and later played a central role in the most significant guerrilla action of the occupation. In retaliation for this action, the Germans committed the Ardeatine Caves Massacre, slaying hundreds of Roman men and boys. The Pope's decision not to intervene in that atrocity has been a source of controversy and debate among historians for decades, but drawing on Vatican documents, Katz authoritatively examines the matter. Katz takes readers into the occupied city to witness the desperate efforts of the key actors: OSS undercover agent Peter Tompkins, struggling to forge an effective spy network among the Partisans; German diplomats, working against their own government to save Rome even as they condoned the Nazi repression of its citizens; Pope Pius XII, anxiously trying to protect the Vatican at the risk of depending on the occupying Germans, who maintained order by increasingly draconian measures; and the U.S. and British commanders, who disagreed about the best way to engage the enemy, turning the final advance into a race to be first to take Rome. The Battle for Rome is a landmark work that draws on newly released documents and

firsthand testimony gathered over decades to offer the finest account yet of one of the most dramatic episodes of World War II.

Gods at War Student Edition Sep 28 2020 In this student edition of *Gods at War*, Kyle Idleman, bestselling author of *Not a Fan*, shares the powerful next step in becoming a completely committed follower of Jesus: recognizing and letting God defeat the gods at war within us---the false gods battling to rule our hearts.

The Day of Battle Aug 28 2020 In the second volume of his epic trilogy about the liberation of Europe in World War II, Pulitzer Prize-winning author Atkinson tells the harrowing story of the campaigns in Sicily and Italy.

The Battle of Kursk Jan 21 2020 Gain an in-depth understanding of the largest tank engagement in history that led to staggering losses during WW II. Access to newly released Soviet material adds detail to this legendary conflict, reconstructing combat and tactical maneuvers. 45 photos. 32 maps.

The Soul of America Jul 07 2021 #1 NEW YORK TIMES BESTSELLER • Pulitzer Prize-winning author Jon Meacham helps us understand the present moment in American politics and life by looking back at critical times in our history when hope overcame division and fear. ONE OF OPRAH'S "BOOKS THAT HELP ME THROUGH" • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR • The Christian Science Monitor • Southern Living Our current climate of partisan fury is not new, and in *The Soul of America* Meacham shows us how what Abraham Lincoln called the "better angels of our nature" have repeatedly won

the day. Painting surprising portraits of Lincoln and other presidents, including Ulysses S. Grant, Theodore Roosevelt, Woodrow Wilson, Franklin D. Roosevelt, Harry S. Truman, Dwight Eisenhower, and Lyndon B. Johnson, and illuminating the courage of such influential citizen activists as Martin Luther King, Jr., early suffragettes Alice Paul and Carrie Chapman Catt, civil rights pioneers Rosa Parks and John Lewis, First Lady Eleanor Roosevelt, and Army-McCarthy hearings lawyer Joseph N. Welch, Meacham brings vividly to life turning points in American history. He writes about the Civil War, Reconstruction, and the birth of the Lost Cause; the backlash against immigrants in the First World War and the resurgence of the Ku Klux Klan in the 1920s; the fight for women's rights; the demagoguery of Huey Long and Father Coughlin and the isolationist work of America First in the years before World War II; the anti-Communist witch-hunts led by Senator Joseph McCarthy; and Lyndon Johnson's crusade against Jim Crow. Each of these dramatic hours in our national life have been shaped by the contest to lead the country to look forward rather than back, to assert hope over fear—a struggle that continues even now. While the American story has not always—or even often—been heroic, we have been sustained by a belief in progress even in the gloomiest of times. In this inspiring book, Meacham reassures us, “The good news is that we have come through such darkness before”—as, time and again, Lincoln's better angels have found a way to prevail. Praise for The Soul of America “Brilliant, fascinating, timely . . . With compelling narratives of past eras of strife and disenchantment, Meacham offers wisdom

for our own time.”—Walter Isaacson “Gripping and inspiring, The Soul of America is Jon Meacham’s declaration of his faith in America.”—Newsday “Meacham gives readers a long-term perspective on American history and a reason to believe the soul of America is ultimately one of kindness and caring, not rancor and paranoia.”—USA Today

The Battle of All The Ages Oct 22 2022 Who do you turn to when there’s no one left to trust? Epic sea battles and treasonous betrayals... In the heat of a gigantic battle against the Dutch, the English fleet is mysteriously divided. A large portion of their resources is sent to meet a French threat which never materialises. Thousands are slaughtered. Could there be a traitor in the Royal Navy? As popular fury erupts, Captain Matthew Quinton is given the unenviable task of uncovering the enemy within. Heads must roll. Sent to find source of this false intelligence in pirate-infested Plymouth, Quinton is dismayed when all evidence seems to point to an old friend... Fans of Patrick O'Brian's Master and Commander will love the fifth instalment of the Matthew Quinton Journals. ‘Great naval fiction ... Hornblower, Aubrey and Quinton - a pantheon of the best adventures at sea’ Conn Iggulden The Matthew Quinton Journals 1. Gentleman Captain 2. The Mountain of Gold 3. The Blast that Tears the Skies 4. The Lion of Midnight 5. The Battle of the Ages 6. The Rage of Fortune 7. Death's Bright Angel 8. The Devil Upon the Wave

Winning the Battle Within Nov 11 2021 Dr. Albaugh invites us to begin the wonderful journey into the mysteries of the inner game that will help you play better golf and have more fun doing it. You'll learn how to swing tension-free and play

in the imaginative mind, two of the most important factors in shooting better scores. You'll gain confidence, mental toughness, and the ability to perform under pressure. Discover inner game practice drills, how to create a robust pre-shot routine, and a post-shot routine to keep you focused in present-time awareness.

The Other Face of Battle Mar 15 2022 Taking its title from The Face of Battle, John Keegan's canonical book on the nature of warfare, The Other Face of Battle illuminates the American experience of fighting in "irregular" and "intercultural" wars over the centuries. Sometimes known as "forgotten" wars, in part because they lacked triumphant clarity, they are the focus of the book. David Preston, David Silbey, and Anthony Carlson focus on, respectively, the Battle of Monongahela (1755), the Battle of Manila (1898), and the Battle of Makuan, Afghanistan (2020)--conflicts in which American soldiers were forced to engage in "irregular" warfare, confronting an enemy entirely alien to them. This enemy rejected the Western conventions of warfare and defined success and failure--victory and defeat--in entirely different ways. Symmetry of any kind is lost. Here was not ennobling engagement but atrocity, unanticipated insurgencies, and strategic stalemate. War is always hell. These wars, however, profoundly undermined any sense of purpose or proportion. Nightmarish and existentially bewildering, they nonetheless characterize how Americans have experienced combat and what its effects have been. They are therefore worth comparing for what they hold in common as well as what they reveal about our attitude toward war itself. The Other Face of Battle reminds

us that "irregular" or "asymmetrical" warfare is now not the exception but the rule. Understanding its roots seems more crucial than ever.

Book 1/3 Nov 23 2022 May 1809. Napoleon's Grande Armée has taken Vienna and is preparing to cross the Danube, but the Austrians are waiting for him in Essling. The carnage can begin ...

*The Battle Aug 08 2021 America faces a new culture war. It is not a war about guns, abortions, or gays -- rather it is a war against the creeping changes to our entrepreneurial culture, the true bedrock of who we are as a people. The new culture war is a battle between free enterprise and social democracy. Many Americans have forgotten the evils of socialism and the predations of the American Great Society's welfare state programs. But, as American Enterprise Institute's president Arthur C. Brooks reveals in *The Battle*, the forces for social democracy have returned with a vengeance, expanding the power of the state to a breathtaking degree. *The Battle* offers a plan of action for the defense of free enterprise; it is at once a call to arms and a crucial redefinition of the political and moral gulf that divides Right and Left in America today. The battle is on, and nothing less than the soul of America is at stake.*

Vimy Sep 09 2021 #1 NATIONAL BESTSELLER Winner of the 2018 JW Dafoe Book Prize Longlisted for British Columbia's National Award for Canadian Non-Fiction 2018 Runner-up for the 2018 Templer Medal Book Prize Finalist for the 2018 Ottawa Book Awards A bold new telling of the defining battle of the Great War, and how it came to signify and solidify Canada's national identity Why does Vimy

matter? How did a four-day battle at the midpoint of the Great War, a clash that had little strategic impact on the larger Allied war effort, become elevated to a national symbol of Canadian identity? Tim Cook, Canada's foremost military historian and a Charles Taylor Prize winner, examines the Battle of Vimy Ridge and the way the memory of it has evolved over 100 years. The operation that began April 9, 1917, was the first time the four divisions of the Canadian Corps fought together. More than 10,000 Canadian soldiers were killed or injured over four days—twice the casualty rate of the Dieppe Raid in August 1942. The Corps' victory solidified its reputation among allies and opponents as an elite fighting force. In the war's aftermath, Vimy was chosen as the site for the country's strikingly beautiful monument to mark Canadian sacrifice and service. Over time, the legend of Vimy took on new meaning, with some calling it the "birth of the nation." The remarkable story of Vimy is a layered skein of facts, myths, wishful thinking, and conflicting narratives. Award-winning writer Tim Cook explores why the battle continues to resonate with Canadians a century later. He has uncovered fresh material and photographs from official archives and private collections across Canada and from around the world. On the 100th anniversary of the event, and as Canada celebrates 150 years as a country, Vimy is a fitting tribute to those who fought the country's defining battle. It is also a stirring account of Canadian identity and memory, told by a masterful storyteller.

Into the Battle Apr 16 2022 Mankind has awakened a monster... ..Humanity must put aside its own animosities...

...or face extinction. The origins of human history begin to unravel as Earth learns they are not the only humans in the galaxy. The sudden discovery of humans living on multiple planets beyond Earth has created more questions than it's answered. When humanity arrived on New Eden, a hideous new alien race, the Zodarks was discovered. In the face of an existential threat to their own survival, the historical warring factions of Earth will need to unite if they want to save themselves from extinction and understand the true origins on human history. A fleet is built, an invasion force is assembled... Join our heroes as they lead humanity into the battle to conquer their first alien world and liberate previously unknown humans from the bondage of slavery and servitude. Grab your copy of this gripping military sci-fi and find out today.

Hetty and the Battle of the Books Dec 12 2021 A passionate campaign brings four best friends back together in a fight to save their school library in this heartfelt tale from the bestselling author of Pages & Co.

An American Insurrection Apr 23 2020 In 1961, a black veteran named James Meredith applied for admission to the University of Mississippi — and launched a legal revolt against white supremacy in the most segregated state in America. Meredith's challenge ultimately triggered what Time magazine called "the gravest conflict between federal and state authority since the Civil War," a crisis that on September 30, 1962, exploded into a chaotic battle between thousands of white civilians and a small corps of federal marshals. To crush the insurrection, President John F. Kennedy ordered a lightning invasion of Mississippi by over

20,000 U.S. combat infantry, paratroopers, military police, and National Guard troops. Based on years of intensive research, including over 500 interviews, JFK's White House tapes, and 9,000 pages of FBI files, An American Insurrection is a minute-by-minute account of the crisis. William Doyle offers intimate portraits of the key players, from James Meredith to the segregationist Mississippi Governor Ross Barnett, to President John F. Kennedy and the federal marshals and soldiers who risked their lives to uphold the Constitution. The defeat of the segregationist uprising in Oxford was a turning point in the civil rights struggle, and An American Insurrection brings this largely forgotten event to life in all its drama, stunning detail, and historical importance.

Battlefield of the Mind Jun 18 2022 !--StartFragment-- In her most popular bestseller ever, the beloved author and minister Joyce Meyer shows readers how to change their lives by changing their minds. Joyce Meyer teaches how to deal with thousands of thoughts that people think every day and how to focus the mind the way God thinks. And she shares the trials, tragedies, and ultimate victories from her own marriage, family, and ministry that led her to wondrous, life-transforming truth--and reveals her thoughts and feelings every step of the way. Download the free Joyce Meyer author app.

The Battle of Midway Oct 30 2020 "First issued as an Oxford University Press paperback, 2013"--Title page verso.

What Was the Battle of Gettysburg? Apr 04 2021 "Four score and seven years ago..." begins Abraham Lincoln's beautiful speech commemorating the three-day battle that

turned the tide of the Civil War. The South had been winning up to this point. So how did Union troops stop General Robert E. Lee's invasion of the North? With black-and-white illustrations throughout and sixteen pages of photos, this turning point in history is brought vividly to life.

Anzio Dec 24 2022 A harrowing and incisive “high-quality battle history” from one of the world’s finest military historians (Booklist). The Allied attack of Normandy beach and its resultant bloodbath have been immortalized in film and literature, but the US campaign on the beaches of Western Italy reigns as perhaps the deadliest battle of World War II’s western theater. In January 1944, about six months before D-Day, an Allied force of thirty-six thousand soldiers launched one of the first attacks on continental Europe at Anzio, a small coastal city thirty miles south of Rome. The assault was conceived as the first step toward an eventual siege of the Italian capital. But the advance stalled and Anzio beach became a death trap. After five months of brutal fighting and monumental casualties on both sides, the Allies finally cracked the German line and marched into Rome on June 5, the day before D-Day. Richly detailed and fueled by extensive archival research of newspapers, letters, and diaries—as well as scores of original interviews with surviving soldiers on both sides of the trenches—Anzio is a “relentlessly fascinating story with plenty of asides about individuals’ experiences” (Publishers Weekly). “Masterly . . . A heartbreaking, beautifully told story of wasted sacrifice.” —The Washington Post

The Battle for North Carolina's Coast Jul 27 2020 The North Carolina barrier islands, a 325-mile-long string of narrow

sand islands that forms the coast of North Carolina, are one of the most beloved areas to live and visit in the United States. However, extensive barrier island segments and their associated wetlands are in jeopardy. In *The Battle for North Carolina's Coast*, four experts on coastal dynamics examine issues that threaten this national treasure. According to the authors, the North Carolina barrier islands are not permanent. Rather, they are highly mobile piles of sand that are impacted by sea-level rise and major storms and hurricanes. Our present development and management policies for these changing islands are in direct conflict with their natural dynamics. Revealing the urgency of the environmental and economic problems facing coastal North Carolina, this essential book offers a hopeful vision for the coast's future if we are willing to adapt to the barriers' ongoing and natural processes. This will require a radical change in our thinking about development and new approaches to the way we visit and use the coast. Ultimately, we cannot afford to lose these unique and valuable islands of opportunity. This book is an urgent call to protect our coastal resources and preserve our coastal economy.

The Battle for Augusta National Oct 10 2021 The controversy began with a seemingly innocuous private letter, and spiraled into the biggest media event in golf history. The Augusta National membership dispute dominated headlines and watercooler conversation for nearly a year, propelled by twenty-first-century hot-button issues and a pair of perfectly drawn foils in Hootie Johnson and Martha Burk. But a year after Burk's messy Masters week protest, the meaning of the membership controversy remains elusive. In *The Battle for*

*Augusta National, Alan Shipnuck -- who reinvented the PGA Tour narrative with the rollicking Bud, Sweat, & Tees -- provides the definitive account of what really happened and why. In this lively, irreverent, ambitious book, Shipnuck chases the story from the chairman's office at Augusta National to the living room of the One Man Klan, along the way bringing to life a vivid cast of characters and revealing subplots aplenty. With meticulous reporting and penetrating insights, Shipnuck provides a nuanced look into the complex and contradictory worlds of Hootie and Martha, who were drawn together like moths to a flame; reveals Augusta National's secret plots to undermine the press and the accompanying turmoil at The New York Times, including an exclusive interview with the Times's disgraced executive editor, Howell Raines; and explores the Southern politics that led to Burk's Masters week banishment, drawing on Senate confirmation hearings and campaign contribution documents to link local politicians and a federal judge to Augusta National. From Tiger Woods to Jack Welch, Sandra Day O'Connor to Bryant Gumbel, Treasury Secretary Snow to Jesse Jackson, the gang's all here in this withering look at a story that never stopped churning. Along the way, many of the membership controversy's mysteries are revealed. How did Augusta National's top-secret membership roll become public? Who was the shadowy protester identified by hoodwinked reporters as Heywood Jablome? Did Burk lie about a vast right-wing conspiracy to undermine her demonstration? All of this and much more can be found in *The Battle for Augusta National*, a book that captures the passion and absurdity of a great national debate that*

continues to simmer.

Beyond the Battle Feb 02 2021 All men face some degree of temptation or discontentment. Here is your guide to get you past frustration into freedom. We live in a culture where 55% of married men and 70% of single men look at porn at least once a month and over half of all marriages end in divorce. To understand why that is we have to look beyond the battle to the root of both the problem and the solution... Most books for men on how to defeat lust and improve their relationships with the women in their lives preach a plan for trying harder, thinking better, and battering their behavior into submission. The problem with this approach: no matter how strong we are today, the battle continues tomorrow, and nothing ever seems to change in the long run. In Beyond the Battle, author and pastor Noah Filipiak shows you why symptom-based behavior management approaches offer short-term solutions. Instead, he unpacks the keys to a gospel-centered, long-term victory, helping you win the war against temptation and entitlement. Beyond the Battle is an accessible, effective, man-to-man resource for individual or small group use that will guide you toward freedom from sexual temptations by connecting you more deeply to Jesus—to his sacrifice and sufficiency. Filipiak addresses deep questions of marriage, singleness, and sexual temptation like: What's really the worst enemy in a man's marriage? How are my assumptions about my wife contributing to the problem? How does a corrected understanding of God's grace change my outlook on marriage or singleness? This book turns typical "purity" strategies on their head by addressing head-on our sense of

self-entitlement and our self-seeking tendencies, showing how to look to God—instead of to women—for intimacy, approval, acceptance, and validation. Includes free access to 7-week small group video curriculum plus an option 40-day devotional.

Captain Nobody Mar 03 2021 When Newt Newman's football-star brother, Chris, is knocked into a coma during the biggest game of the season, Newt's two best friends keep his mind off of the accident by helping him create the ultimate Halloween costume: Captain Nobody. Newt feels strong and confident in his new getup, so he keeps wearing it after Halloween is over. Soon Newt assumes the role of a hero in a string of exploits that include foiling a robbery and saving a planeload of passengers. But will Captain Nobody be able to save the one person he cares about most?

To Win the Battle Nov 18 2019 In 1915 the 1st Australian Division led the way ashore at Gallipoli. In 1916 it achieved the first Australian victory on the Western Front at Pozières. It was still serving with distinction in the battles that led to the defeat of the German army in 1918. To Win the Battle explains how the division rose from obscurity to forge a reputation as one of the great fighting formations of the British Empire during the First World War, forming a central part of the Anzac legend. Drawing on primary sources as well as recent scholarship, this fresh approach suggests that the early reputation of Australia's premier division was probably higher than its performance warranted. Robert Stevenson shows that the division's later success was founded on the capacity of its commanders to administer, train and adapt to the changing conditions on the battlefield,

rather than on the innate qualities of its soldiers.

The Battle of Carthage Jan 13 2022 Fought by pro-Confederate Missouri State guardsmen and Union volunteers more than two weeks before First Bull Run, it was the culmination of the first major land campaign of the Civil War.

Battle of the Labyrinth, The (Percy Jackson and the Olympians, Book 4) Sep 21 2022 Percy Jackson isn't expecting freshman orientation to be any fun. But when a mysterious mortal acquaintance appears on campus, followed by demon cheerleaders, things quickly move from bad to diabolical. In this latest installment of the blockbuster series, time is running out as war between the Olympians and the evil Titan lord Kronos draws near.

The Battle for Yellowstone Mar 23 2020 Yellowstone holds a special place in America's heart. As the world's first national park, it is globally recognized as the crown jewel of modern environmental preservation. But the park and its surrounding regions have recently become a lightning rod for environmental conflict, plagued by intense and intractable political struggles among the federal government, National Park Service, environmentalists, industry, local residents, and elected officials. The Battle for Yellowstone asks why it is that, with the flood of expert scientific, economic, and legal efforts to resolve disagreements over Yellowstone, there is no improvement? Why do even seemingly minor issues erupt into impassioned disputes? What can Yellowstone teach us about the worsening environmental conflicts worldwide? Justin Farrell argues that the battle for Yellowstone has deep moral,

cultural, and spiritual roots that until now have been obscured by the supposedly rational and technical nature of the conflict. Tracing in unprecedented detail the moral causes and consequences of large-scale social change in the American West, he describes how a "new-west" social order has emerged that has devalued traditional American beliefs about manifest destiny and rugged individualism, and how morality and spirituality have influenced the most polarizing and techno-centric conflicts in Yellowstone's history. This groundbreaking book shows how the unprecedented conflict over Yellowstone is not all about science, law, or economic interests, but more surprisingly, is about cultural upheaval and the construction of new moral and spiritual boundaries in the American West.

The Battle for Pakistan Jun 25 2020 The Battle for Pakistan showcases a marriage of convenience between unequal partners. The relationship between Pakistan and the United States since the early 1950s has been nothing less than a whiplash-inducing rollercoaster ride. Today, surrounded by hostile neighbors, with Afghanistan increasingly under Indian influence, Pakistan does not wish to break ties with the United States. Nor does it want to become a vassal of China and get caught in the vice of a US-China rivalry, or in the Arab-Iran conflict. Internally, massive economic and demographic challenges as well as the existential threat of armed militancy pose huge obstacles to Pakistan's development and growth. Could its short-run political miscalculations in the Obama years prove too costly? Can the erratic Trump administration help salvage this relationship? Based on detailed interviews with key US and

South Asian leaders, access to secret documents and operations, and the author's personal relationships and deep knowledge of the region, this book untangles the complex web of the US-Pakistani relationship and identifies a clear path forward, showing how the United States can build better partnerships in troubled corners of the world.

*The Battle of the Books Feb 26 2023 Joseph M. Levine provides a witty and erudite account of one of the most celebrated chapters in English cultural history, the acrimonious quarrel between the "ancients" and the "moderns" which Jonathan Swift dubbed "the Battle of the Books." The dispute that amused and excited the English world of letters from 1690 until the 1730s was, Levine shows, an installment in the long-standing debate about the relationship of classical learning to modern life. Levine argues that the debate was fundamentally a quarrel about the rival claims of history and literature concerning the proper way to understand the authors of the past. He skillfully examines how both sides wrote their own brands of history: The moderns, led by Richard Bentley, proposed that the "modern" inventions of classical scholarship and archaeology gave them a superior insight into the past; the ancients, marshaled by Jonathan Swift and Alexander Pope, held out for a more direct imitation of antiquity and opposed the new scholarship with all the force of their satire and invective. Levine demonstrates that the ancients and the moderns influenced each other in powerful ways, and had much more in common than they knew. Chronicling a critical episode in the development of modern scholarship, *The Battle of the Books* illuminates the roots of present-day*

controversies about the role of the classics in the curriculum and the place of the humanities in education.

The Battle of Vicksburg Oct 18 2019 The Vicksburg campaign was among the longest of the Civil War, lasting from 26 May 1862 to 4 July 1863. This Civil War Short provides a compelling narrative of the final six weeks of the campaign, excerpted from Michael Ballard's Vicksburg: The Campaign That Opened the Mississippi, which blends strategy and tactics with the human element, reminding us that while Gettysburg has become the focal point of the history and memory of the Civil War, the outcome at Vicksburg was met with as much celebration and relief in the North as the Gettysburg victory, and it should be viewed as equally important today. UNC Press Civil War Shorts excerpt rousing narratives from distinguished books published by the University of North Carolina Press on the military, political, social, and cultural history of the Civil War era. Produced exclusively in ebook format, they focus on pivotal moments and figures and are intended to provide a concise introduction, stir the imagination, and encourage further exploration of the topic. For in-depth analysis, contextualization, and perspective, we invite readers to consider the original publications from which these works are drawn.

The Battle of the Atlantic Jun 06 2021 "First published in Great Britain in 2015 by Viking."--Title page verso.

The Battle Jan 25 2023 The game begins again in this gripping follow-up to "exciting, clever" (Booklist) The Gauntlet that's a futuristic Middle Eastern Zathura meets Ready Player One! Four years after the events of The

Gauntlet, the evil game Architect is back with a new partner-in-crime—The MasterMind—and the pair aim to get revenge on the Mirza clan. Together, they've rebuilt Paheli into a slick, mind-bending world with floating skyscrapers, flying rickshaws run by robots, and a digital funicular rail that doesn't always take you exactly where you want to go. Twelve-year-old Ahmad Mirza struggles to make friends at his new middle school, but when he's paired with his classmate Winnie for a project, he is determined to impress her and make his very first friend. At home while they're hard at work, a gift from big sister Farah—who is away at her first year in college—arrives. It's a high-tech game called The Battle of Blood and Iron, a cross between a video game and board game, complete with virtual reality goggles. He thinks his sister has solved his friend problem—all kids love games. He convinces Winnie to play, but as soon as they unbox the game, time freezes all over New York City. With time standing still and people frozen, all of humankind is at stake as Ahmad and Winnie face off with the MasterMind and the Architect, hoping to beat them at their own game before the evil plotters expand Paheli and take over the entire world.

Braddock's Defeat Jan 01 2021 On July 9, 1755, British and colonial troops under the command of General Edward Braddock suffered a crushing defeat to French and Native American enemy forces in Ohio Country. Known as the Battle of the Monongahela, the loss altered the trajectory of the Seven Years' War in America, escalating the fighting and shifting the balance of power. An unprecedented rout of a modern and powerful British army by a predominantly

Indian force, Monongahela shocked the colonial world--and also planted the first seeds of an independent American consciousness. The culmination of a failed attempt to capture Fort Duquesne from the French, Braddock's Defeat was a pivotal moment in American and world history. While the defeat is often blamed on blundering and arrogance on the part of General Braddock--who was wounded in battle and died the next day--David Preston's gripping new work argues that such a claim diminishes the victory that Indian and French forces won by their superior discipline and leadership. In fact, the French Canadian officer Captain Beaujeu had greater tactical skill, reconnaissance, and execution, and his Indian allies were the most effective and disciplined troops on the field. Preston also explores the long shadow cast by Braddock's Defeat over the 18th century and the American Revolution two decades later. The campaign had been an awakening to empire for many British Americans, spawning ideas of American identity and anticipating many of the political and social divisions that would erupt with the outbreak of the Revolution. Braddock's Defeat was the defining generational experience for many British and American officers, including Thomas Gage, Horatio Gates, and perhaps most significantly, George Washington. A rich battle history driven by a gripping narrative and an abundance of new evidence, Braddock's Defeat presents the fullest account yet of this defining moment in early American history.
