Brooklyn Rose Jan 14 2020 In this novel set at the beginning of the twentieth century, a fifteen-year-old Southern girl marries and moves to the unfamiliar world of Brooklyn. It's 1900, the dawn of a new century, and fifteen-year-old Rose Frampton is beginning a new life. She's left her family in South Carolina to live with her handsome and wealthy husband in Brooklyn, New York—a move that is both scary and exciting. As mistress of the large Victorian estate on Dorchester Road, she must learn to make decisions, establish her independence, and run an efficient household. These tasks are difficult enough without the added complication of barely knowing her husband. As romance blossoms and Rose begins to find her place, she discovers that strength of character does not come easily—but is essential for happiness. Writing in diary form, Ann Rinaldi paints a sensual picture of time and place—and gives readers an intimate glimpse into the heart of a child as she becomes a woman. "Rinaldi describes the teen's first year of marriage with grace, tact, and sensitivity." —School Library Journal "Fans of romance will be swept up in the subtleties of her courtship by Rene, and readers will likely identify with Rose as she balances the natural impulses of a teenager with her new role as mistress of the house." —Publishers Weekly A New York Public Library Book for the Teen Age

Manhunt Oct 15 2022 The murder of Abraham Lincoln set off the greatest manhunt in American history -- the pursuit and capture of John Wilkes Booth. From April 14 to April 26, 1865, the assassin led Union cavalry and detectives on a wild twelve-day chase through the streets of Washington, D.C., across the swamps of Maryland, and into the forests of Virginia, while the nation, still reeling from the just-ended Civil War, watched in horror and sadness. At the very center of this story is John Wilkes Booth, America's notorious villain. A Confederate sympathizer and a member of a celebrated acting family, Booth threw away his fame and wealth for a chance to avenge the South's defeat. For almost two weeks, he confounded the manhunters, slipping away from their every move and denying them the justice they sought. Based on rare archival materials, obscure trial transcripts, and Lincoln's own blood relics, *Manhunt* is a fully documented work, but it is also a fascinating tale of murder, intrigue, and betrayal. A gripping hour-by-hour account told through the eyes of the hunted and the hunters, this is history as you've never read it before.

Lincoln's Grave Robbers Oct 03 2021 A true crime thriller -- the first book for teens to tell the nearly unknown tale of the brazen attempt to steal Abraham Lincoln's body! The action begins in October of 1875, as Secret Service agents raid the Fulton, Illinois, workshop of master counterfeiter Ben Boyd. Soon after Boyd is hauled off to prison, members of his counterfeiting ring gather in the back room of a smoky Chicago saloon to discuss how to spring their ringleader. Their plan: grab Lincoln's body from its Springfield tomb, stash it in the sand dunes near Lake Michigan, and demand, as a ransom, the release of Ben Boyd --and \$200,000 in cash. From here, the action alternates between the conspirators, the Secret Service agents on their trail, and the undercover agent moving back and forth between the two groups. Along the way readers get glimpses into the inner workings of counterfeiting, grave robbing, detective work, and the early days of the Secret Service. The plot moves toward a wild climax as robbers and lawmen converge at Lincoln's tomb on election night: November 7, 1876.

Writing History with Lightning Nov 11 2019 Films possess virtually unlimited power for crafting broad interpretations of American history. Nineteenth-century America has proven especially conducive to Hollywood imaginations, producing indelible images like the plight of Davy Crockett and the defenders of the Alamo, Pickett's doomed charge at Gettysburg, the proliferation and destruction of plantation slavery in the American South, Custer's fateful decision to divide his forces at Little Big Horn, and the onset of immigration and industrialization that saw Old World lifestyles and customs dissolve amid rapidly changing environments. Balancing historical nuance with passion for cinematic narratives, *Writing History with Lightning* confronts how movies about nineteenth-century America influence the ways in which mass audiences remember, understand, and envision the nation's past. In these twenty-six essays—divided by the editors into sections on topics like frontiers, slavery, the Civil War, the Lost Cause, and the West—notable historians engage with films and the historical events they ostensibly depict. Instead of just separating fact from fiction, the essays contemplate the extent to which movies generate and promulgate collective memories of American history. Along with new takes on familiar classics like *Young Mr. Lincoln* and *They Died with Their Boots On*, the volume covers several films released in recent years, including *The Revenant*, *12 Years a Slave*, *The Birth of a Nation*, *Free State of Jones*, and *The Hateful Eight*. The authors address Hollywood epics like *The Alamo* and *Amistad*, arguing that these movies flatten the historical record to promote nationalist visions. The contributors also examine overlooked films like *Hester Street* and *Daughters of the Dust*, considering their portraits of marginalized communities as transformative perspectives on American culture. By surveying films about nineteenth-century America, *Writing History with Lightning* analyzes how movies create popular understandings of American history and why those interpretations change over time.

Abraham Lincoln May 10 2022 Published to coincide with the 200th anniversary of Lincoln's birth, this landmark publication establishes Burlingame as the most assiduous Lincoln biographer of recent memory and brings Lincoln alive to modern readers as never before.

Fraud of the Century Jul 20 2020 In this major work of popular history and scholarship, acclaimed historian and biographer Roy Morris, Jr., tells the extraordinary story of how, in America's centennial year, the presidency was stolen, the Civil War was almost reignited, and black Americans were consigned to nearly ninety years of legalized segregation in the South. The bitter 1876 contest between Ohio Republican governor Rutherford B. Hayes and New York Democratic governor Samuel J. Tilden is the most sensational, ethically sordid, and legally questionable presidential election in American history. The first since Lincoln's in 1860 in which the Democrats had a real chance of recapturing the White House, the election was in some ways the last battle of the Civil War, as the two parties fought to preserve or overturn what had been decided by armies just eleven years earlier. Riding a wave of popular revulsion at the numerous scandals of the Grant administration and a sluggish economy, Tilden received some 260,000 more votes than his opponent. But contested returns in Florida, Louisiana, and South Carolina ultimately led to Hayes's being declared the winner by a specially created, Republican-dominated Electoral Commission after four tense months of political intrigue and threats of violence. President Grant took the threats seriously: he ordered armed federal troops into the streets of Washington to keep the peace. Morris brings to life all the colorful personalities and high drama of this most remarkable -- and largely forgotten -- election. He presents vivid portraits of the bachelor lawyer Tilden, a wealthy New York sophisticate whose passion for clean government propelled him to the very brink of the presidency, and of Hayes, a family man whose midwestern simplicity masked a cunning political mind. We travel to Philadelphia, where the Centennial Exhibition celebrated America's industrial might and democratic ideals, and to the nation's heartland, where Republicans waged a cynical but effective "bloody shirt" campaign to tar the Democrats, once again, as the party of disunion and rebellion. Morris dramatically recreates the suspenseful events of election night, when both candidates went to bed believing Tilden had won, and a one-legged former Union army general, "Devil Dan" Sickles, stumped into Republican headquarters and hastily improvised a devious plan to subvert the election in the three disputed southern states. We watch Hayes outmaneuver the curiously passive Tilden and his supporters in the days following the election, and witness the late-night backroom maneuvering of party leaders in the nation's capital, where democracy itself was ultimately subverted and the will of the people thwarted. *Fraud of the Century* presents compelling evidence that fraud by Republican vote-counters in the three southern states, and especially in Louisiana, robbed Tilden of the presidency. It is at once a masterful example of political reporting and an absorbing read.

The Last Lincoln Conspirator Apr 09 2022 With all that has already been written about President Abraham Lincoln's assassination, one of the little known stories is the case of the only successful conspirator, John Harrison Surratt, the son of Mary Surratt, who was hanged for her part in the crime. *The Last Lincoln Conspirator* is the true story of John Surratt, who became the most wanted man in America after the death of John Wilkes Booth's and was the only conspirator to escape conviction. The capture and killing of Booth twelve days after he shot Lincoln and the fate of Booth's other accomplices are familiar history. Four accomplices, including Surratt's mother, were convicted and hanged, and four were jailed. John Surratt alone managed to evade capture for

twenty months and, once put on trial, to evade prison. The first full-length treatment of Surratt's escape, capture, and trial, this book provides fascinating details about his flight through Canada, England, France, the Papal States, and eventual capture in Egypt. Surratt's desperate journey and the bitter legal proceedings against him that bizarrely led to his freedom hold the reader's attention from first to last page.

American Brutus Dec 05 2021 It is a tale as familiar as our history primers: A deranged actor, John Wilkes Booth, killed Abraham Lincoln in Ford's Theatre, escaped on foot, and eluded capture for twelve days until he met his fiery end in a Virginia tobacco barn. In the national hysteria that followed, eight others were arrested and tried; four of those were executed, four imprisoned. Therein lie all the classic elements of a great thriller. But the untold tale is even more fascinating. Now, in *American Brutus*, Michael W. Kauffman, one of the foremost Lincoln assassination authorities, takes familiar history to a deeper level, offering an unprecedented, authoritative account of the Lincoln murder conspiracy. Working from a staggering array of archival sources and new research, Kauffman sheds new light on the background and motives of John Wilkes Booth, the mechanics of his plot to topple the Union government, and the trials and fates of the conspirators. Piece by piece, Kauffman explains and corrects common misperceptions and analyzes the political motivation behind Booth's plan to unseat Lincoln, in whom the assassin saw a treacherous autocrat, "an American Caesar." In preparing his study, Kauffman spared no effort getting at the truth: He even lived in Booth's house, and re-created key parts of Booth's escape. Thanks to Kauffman's discoveries, readers will have a new understanding of this defining event in our nation's history, and they will come to see how public sentiment about Booth at the time of the assassination and ever since has made an accurate account of his actions and motives next to impossible--until now. In nearly 140 years there has been an overwhelming body of literature on the Lincoln assassination, much of it incomplete and oftentimes contradictory. In *American Brutus*, Kauffman finally makes sense of an incident whose causes and effects reverberate to this day. Provocative, absorbing, utterly cogent, at times controversial, this will become the definitive text on a watershed event in American history.
