In this complicated four-wheeled world, are you uncertain or confused about car maintenance? Don't despair! There are things -- lots of things -- you can do to prevent your car from acting up, breaking down, and just plain falling apart. You don't need years of experience and a garage full of fancy tools. You can save money on repairs (and carry on a halfway intelligent conversation with a mechanic). This book, through clear illustrations, plain English -- and a touch of humor -- will show you how to keep your car running smoothly and looking good. Book jacket. Mr Car Man aims to provide simple and easy ways to understand information applicable to all car owners who wish to save money, prevent problems arising, and keep their car(s) on the road. Pride and satisfaction in performing basic tasks on your car will allow you to improve your self-confidence. I love cars,

and I wish others could enjoy the same passion! A little car 'know-how' will save you a lot of money! Mr Car Man is the 'first aid', not the brain surgery; begin with the basics and move through the grades, up to performing regular tune-ups and servicing. A car purchase is often the second most pricey purchase, behind our beloved house, and yet most owners are too scared to perform the most basic tasks on their own car. Do you want to know tips, secrets, and handy hints to achieve the best deals for yourself? The Sixth Edition of BASIC AUTOMOTIVE SERVICE & SYSTEMS includes a Classroom Manual and a Shop Manual to provide a comprehensive, accessible overview of automotive systems to prepare readers for all aspects of work in the field. Updated to align with Task Lists for the latest ASE Education Foundation requirements, the Sixth Edition covers emerging technologies such as hybrid vehicles and electronic engine controls, as well as current information on the global automotive industry and the role of the technician within it. The Classroom Manual explores the theories of operation behind each automotive system, while the Shop Manual covers relevant diagnostic, testing, and repair procedures. Assuming no prior knowledge of automotive technology, these clear and engaging resources combine to provide a thorough introduction to both fundamental theory and its real-world applications in specific skills and maintenance procedures. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. Craig Jones, mechanic and vehicle inspection expert makes buying a car from a private seller a more safe and easy process for you. In fact, his easy-to-follow informational-instructional eBook along with his inspection tools simplifies the process making you inspect and buy any used car like a pro even if you know zero about cars. You will also get the magic bullet question to get the seller to give you what you need to know, how to use the trade price formula for negotiation including the closing window so

you pay the right price and what important vehicle and seller identification checks you need to do to protect yourself before handing over your money! Do you fear buying a lemon? If yes, keep reading... What You Will Learn 1. The fact-finding questions to ask the seller when you call including the "Magic Bullet" question so you can establish if the vehicle is worth pursuing and inspecting saving you time, money and headaches 2. What to look for when inspecting any used car using the handy printable inspection checklist included so you can discover a mechanically sound used car and do the necessary vehicle and seller identity checks to protect yourself before handing over your money and taking the key 3. How to appraise any used car using the "trade price formula" so you can establish the exact price the car is worth and how to make a realistic offer, negotiate with the seller and close the deal using the "Closing Window" so you can buy at the right price What's Inside? Answers to some of the most common questions asked by used car buyers when buying a car privately include: How do I know what type of car to buy? How do I know if the seller is telling me the truth? How do I narrow my search list to make the final product decision? How do I buy a mechanically sound vehicle? How can I be sure I won't have to spend money on after-purchase servicing or repairs? How do I know EXACTLY know how much to pay? How do I negotiate the best deal? How do I protect myself and give myself peace of mind? This Proven Three Step Formula By Qualified Motor Mechanic Craig Jones Will: 1. Guide you from the very beginning of the buying process to the very end to find the right car for you... 2. Teach you how to gain an unfair advantage in negotiating the lowest price and getting the best deal... 3. Show you how to protect yourself from getting ripped off! Who This Book Is For? You Don't Know What Car To Buy Here you will get the most powerful questions to ask yourself to discover what type of vehicle to buy and identify other requirements you will need to suit your needs, wants and lifestyle. If you're buying your first car or perhaps your car is worn out and you're looking for another vehicle to get you on the road again, then go tyre-kicking with a purpose by knowing the right vehicle to buy You Have Found A Car And Want To Purchase It But Don't Know If The Car Is

A Lemon You don't want to buy a vehicle that you have to put money back into this is why Craig will give you his "Magic Bullet Question" that he asks sellers every day in his pre-purchase vehicle inspection business. You will also have a qualified motor mechanic on duty 24/7 (that's Craig) looking over your shoulder guiding you every step of the way when using your used car checklist included so you can choose a mechanically sound used car and avoid the lemons! You Have Done The Necessary Vehicle Checks But Don't Want To Pay Too Much For The Car If you are buying a car privately and it has finance owing obviously the price the seller will want to achieve is the payout figure (the amount they owe the finance company) but this is not the price you should pay. Once you have your arsenal bag full of ammunition - Facts from formula 1 and formula 2 to use, I will show you my trade price formula including giving you the exact price the car is worth, and how to negotiate with the seller so you buy at the right price! You Have Made A Buying Decision But Don't Know What Important Vehicle And Seller Identification Checks To Do Before Handing Over Your Money It's more important to do the necessary identification checks when buying privately than if you were buying certified pre-owned cars from a dealer. So, using the buyers' and seller's receipt forms included you can make sure you're buying what you think you are and from the person, they say they are. Bottom Line Buying A Private Car eBook is designed to help consumers make a well-informed decision. Knowledge gives you the power and confidence to avoid common mistakes relating to buying a used car, especially from a private seller.
