True Harmony Jul 20 2022 He’s all business all the time. Now he’s suddenly a dad. Fiddle player Eliza Bancroft had to improvise after an unplanned pregnancy four years ago. Instead of pursuing her dream of performing live music, she changed keys and has focused on being a good mom and a sought-after studio musician in Nashville. Her rhythm is set until she spots her son’s father in a local magazine and realizes the man she was unable to track down lives right under her nose in Music City. As head of the family and CEO of North Brothers Sports, Mason North doesn’t have time for play. His life mission is to build the family business—his father’s legacy—so it can thrive for years to come. When the company’s future becomes endangered, he mounts a full-scale assault to protect what matters the most. Then an unforgettable woman from his past lays a four-year-old truth bomb on him that blows up his priorities. Though they come from different worlds, the attraction from before still hums between Eliza and Mason. But Mason has spent a lifetime entrenched solely in business, and Eliza has two hearts to protect. Can he embrace a more harmonious approach and give them a second chance at love? True Harmony is the fourth stand-alone book in the North Brothers series and includes a steamy second-chance romance for a workaholic CEO and a single-mom fiddle player, an overzealous dog named Blitz, and a three-year-old in need of a dad. Submerge yourself into the North Brothers' world now! If you enjoy books by Jill Shalvis, Zoe York, BJ Harvey, Piper Rayne, Molly McAdams, Lori Wilde, Melissa Foster, Bella Andre, Claudia Burgoa, Alexa Rivers, JH Croix, Christine DePetritto, Melissa Chambers, or Amanda Torrey, chances are, you'll love Amy Knupp's Island Fire series. ***** second chance romance, CEO, secret baby, accidental pregnancy, one-night stand, wealthy hero, opposites attract, single mom, kid in need of a father

The Stud Next Door Oct 11 2021 A sexy, single dad standalone romance from New York Times bestselling author Kendall Ryan. Life threw me a curveball. An adorable eight-pound, four-ounce curveball with her mother’s eyes and my dark hair. I’d like to think my single-dad game is strong, but honestly? I’ve been struggling a little. When a beautiful young woman moves in next door and offers to give me a hand, I jump at the chance to hire her as a nanny. Jessa is amazing with my daughter. She’s also patient, kind, and way too pretty. The number one rule of hiring a nanny? Don’t bed the nanny. It’s a rule I intend to keep. But as the days pass, I begin to realize how much my life is missing. Companionship. Romance. Intimacy. When I discover my heart has space for one more female, it’s a lost cause, another curveball. The hot-as-hell nanny is leaving soon for a mission trip to Central America. No sense in letting myself fantasize about Jessa being a permanent part of my life. The closer we get, the more difficult it becomes to keep my feelings in check, because my heart won’t listen. And neither will my libido. Well, you know what they say. Rules are meant to be broken. . .

Fushi no Kami: Rebuilding Civilization Starts With a Village Volume 4 Jan 02 2021 After spending two years studying in Itsutsu city to bring back the life of convenience and abundance from the legends of the ancient civilization, Ash graduates from the military academy. He is now assigned to the newly established Territory Reform Promotion Office, where he works hard to improve this world’s living standards. When it is brought to Ash’s attention that Ajole, the hometown of his co-worker Renge’s childhood friend, is on the verge of extinction, he decides to embark on a rescue mission. The inspection task force led by Ash and Maika encounters barren fields and skinny villagers. It appears that they have no choice but to break the taboo and use animal manure as compost. To make matters worse, there is news of another threat to the village: the demons known as treants! Can Ash find a way to save the village? This is the fourth chapter of the story about a young boy who sets out to revolutionize the world in order to rebuild civilization and create his ideal life!

Romancing Olive Oct 31 2020 1891 . . . Spinster librarian, Olive Wilkins, is shocked to learn of her brother’s violent death at a saloon gaming table and her sister-in-law’s subsequent murder, traveling far from her staid life to rescue her niece and nephew, now orphans. She arrives to find the circumstances of her brother’s life deplorable and her long held beliefs of family and tradition, shaken. Accustomed to the sophistication of Philadelphia, Olive arrives in Spencer, Ohio, a rough and tumble world she is not familiar with, facing two traumatized children. Her niece and nephew, Mary and John, have been living with a neighboring farmer, widower Jacob Butler, the father of three young children of his own and a man still in pain from the recent loss of his wife. Real danger threatens Olive and Mary and John while Jacob and his own brood battle the day-to-day struggles for survival. Will Olive and Jacob find the strength to fight their battles alone or together? Will love conquer the bitterness of loss and broken dreams?

The Trouble with True Love Jul 28 2020 Dear Lady Truelove, I am a girl of noble family, but I am painfully shy, especially in my encounters with those of the opposite sex. . . . For Clara Deverill, standing in for the real Lady Truelove means dispensing advice on problems she herself has never managed to overcome. There’s nothing for it but to retreat to a tearoom and hope inspiration strikes between scenes. It doesn’t—until Clara overhears a rake waxing eloquent on the art of “honorable” jilting. The cad may look like an Adonis, but he’s about to find himself on the wrong side of Lady Truelove. Rex Galbraith is an heir with no plans to produce a spare. He flirts with the minimum number of eligible young ladies to humor his matchmaking aunt, but Clara is the first to ever catch his roving eye. When he realizes that Clara—as Lady Truelove—has used his advice as newspaper fodder, he’s infuriated. But when he’s forced into a secret alliance with her, he realizes he’s got a much bigger problem—because Clara is upending everything Rex thought he knew about women—and about himself. . . .

A Deal with the Devil Jan 22 2020 A man can only have one great love, and mine was the sea.Until I pulled a half-drowned heiress out of the water. Until I kept her as mine. Until I hurt her to prove I didn't love her.Now we're surrounded. Dangerous pirates want to use her for their own purposes. I won't give her up that easy. I have a lifetime of treasure to protect. But with the ship going down, there's only one thing I want to save. Her.A Deal with the Devil is book two in the Devil trilogy by USA Today bestselling author Amelia Wilde. The Devil and the Deep Blue Sea must be read first.

Processing Mathematics Through Digital Technologies Nov 24 2022 Digital technologies permeate our lives. We use them to communicate, research, process, record, and for entertainment. They influence the way we interact in the world, the way we live. Digital technologies also offer the potential to transform the nature of the learning process in mathematics. The learning environment, the types of tasks learners can engage with, and the nature of that engagement differs from working in other environments. The Internet, for instance, presents greater scope for child-centered, inquiry-based learning. Dynamic geometry software and GoogleEarth offer interactive ways of exploring shape, position and space that is not possible with the pencil-and-paper medium. This book provides insights into how mathematical understanding emerged for primary-aged children (5-13 years) when they investigated mathematical tasks through digital media. It considers learning theories that are frequently used in mathematics education, and situates a contemporary interpretive approach within those perspectives. A key purpose was to provide some practical tasks for teachers/teacher educators to incorporate digital technologies into their mathematics programmes, tasks that have been used successfully for learning. This is a significant reference book for primary-school teacher education and a valuable resource for all schools teaching at that age.

Leading Global Diversity, Equity, and Inclusion Sep 29 2020 This book offers five proven principles so multinational companies can advance diversity, equity, and inclusion with a nuanced understanding of local contexts across countries and cultures. It's easy to fall into the trap of using a single-culture worldview when implementing global DEI in organizations. But what makes DEI change efforts successful in one country may have opposite, unintended consequences in another. How do companies find the right balance between anchoring their efforts locally while pushing for change that may disrupt existing power dynamics? This is the question at the heart of global DEI work. Along with practical advice and examples, Rohini Anand offers five overarching principles derived from her own experience leading global DEI transformation and interviews with more than sixty-five leaders to provide a through line for leading global DEI transformation in divergent cultures. Local relevance—understanding markets and acknowledging local beliefs, regulations, and history—is essential for global success. This groundbreaking book explicitly details how to take local histories, laws, and practices into account in DEI transformation work while promoting social justice worldwide.

To My Arrogant Boss Jun 07 2021 To Mr. Tate Howard, You are quite possibly the most infuriating, annoying and grumpy man I’ve ever met in my life. I know you think that you’re God’s gift to women, but I have a secret to let you in on: you’re not. You’re God’s gift to yourself. Get over your wanna-be cool surfer self and grow up. I thought it was time that someone addressed your big head and told you straight to your face that you're not all that. Just because you have an Ivy league education doesn’t mean you’re the smartest man in the world. In fact, I’m not even sure if you would have gotten in if you didn’t have rich parents. Yes, I went there. Every woman doesn’t want to sleep with you and I’m sure you’re not even good in bed. And I’m someone that would know. From, Your Secret Not Admirer

Death Waits in the Dark Jun 19 2022 It took all of thirty seconds for two shots to bring the world of Margaret Tabaaah crashing down around her. After losing her husband in Afghanistan during the first year of Operation Enduring Freedom, her two sons were all she had left. Now they had been taken from her violently, deliberately, plunging her into a whiskey bottle and stripping away her reason for living. When Arthur Nakai receives a call from his first love, Margaret, her voice pleading for his help, it comes as he is attending a wake for one of the men he considered a brother from his days in the Marines 6th LAR Wolf Pack Battalion. Feeling a deep and responsible obligation to help her, Arthur soon finds himself involved in the multi-billion-dollar world of the oil and gas industry and coming face-to-face with an old adversary, Elias Dayton. Their paths had crossed when Arthur was a member of the Shadow Wolves, an elite tactical unit within US Customs and Border Protection. Now Dayton runs Patriot Security, a Blackwater-type firm that keeps the oil rigs, gas wells, and man camps secure from the Water Protectors, protesters pushing to stop the fracking and poisoning of Native lands. As Arthur works through the case from his end, Navajo police chief Jake Bilagody tackles it from another angle, looking into the strained relationship between the oil company and the Navajo people, all while searching for a missing Navajo man that may have become an unwilling piece on the reservation checkerboard. But when Arthur learns the identity of the boys’ killer, he struggles to make sense of it. Because if the clues are right, he will be forced to make a decision that will haunt him for the rest of his life.

Conducting Meta-Analysis Using SAS Oct 23 2022 Conducting Meta-Analysis Using SAS reviews the meta-analysis statistical procedure and shows the reader how to conduct one using SAS. It presents and illustrates the use of the PROC MEANS procedure in SAS to perform the data computations called for by the two most commonly used meta-analytic procedures, the Hunter & Schmidt and Glassian approaches. This book serves as both an operational guide and user's manual by describing and explaining the meta-analysis procedures and then presenting the appropriate SAS program code for computing the pertinent statistics. The practical, step-by-step instructions

quickly prepare the reader to conduct a meta-analysis. Sample programs available on the Web further aid the reader in understanding the material. Intended for researchers, students, instructors, and practitioners interested in conducting a meta-analysis, the presentation of both formulas and their associated SAS program code keeps the reader and user in touch with technical aspects of the meta-analysis process. The book is also appropriate for advanced courses in meta-analysis psychology, education, management, and other applied social and health sciences departments.

Wounded Kiss Sep 10 2021 From USA Today best-selling author, Willow Winters, comes a tempting tale of fated love, lust-filled secrets and the beginnings of an epic war. His chiseled jaw and silver gaze haunts both my nightmares and my dreams, though I’ve only ever gotten a glimpse of either. There’s a treaty between us and them; mere mortals and the ones who terrify but keep us safe. The contract demands that every year there’s an offering and this year I’ll walk across that stage presenting myself. We have no idea what to expect if they choose someone, since they haven’t done so in generations. The only thing we know is that the ones they take belong to them forevermore. If chosen, you don’t come back, or so the story of the treaty goes. Gather and present yourself. This is the offering and I . . . belong to him.

I Used to Have a Plan Nov 12 2021 Balm for the soul—Alessandra Olanow offers advice, inspiration, and encouragement for anyone who needs a shoulder to lean on during a difficult time. “I Know This Too Shall Pass. (But It Would Be Helpful to Know When).” After a series of events left her a divorced single mother questioning herself, her relationships, and basically, everything she thought was true about her “picture-perfect” life, Alessandra Olanow began drawing and posting illustrations on Instagram that reflected her feelings and struggles to right her life. She chronicled her journey of healing, expressing the shock, delusion, denial, self-pity, and self-doubt she experienced and the self-empathy and forgiveness that ultimately helped her regain a sense of self—but stronger, more fearless, and more hopeful than before. Her charming illustrations and keen, memorable observations—struck a chord. Within a year, her audience grew dramatically, from 9,500 to 157,000 followers, including celebrities Katie Couric, Jennifer Garner, Elise Loehnen (chief content officer at Goop), the poet Joao Doederlein, and Joanna Goddard (founder of A Cup of Jo). I Used to Have a Plan brings Olanow’s soothing sensibility to a wider audience, featuring new drawings and ideas that touch upon the universal experiences of unexpected change and loss. Divided into five parts—“I Didn’t See That Coming,” “It’s OK That You’re Not OK,” “Where’d I Go,” “The Only Way Out Is Through,” and “I Like It Here, Can I Stay a While?”—the book beautifully encapsulates the experience of encountering difficulty, processing it and healing from it, and becoming stronger and with a better sense of self. Full of advice, commiseration, empathy, and wit that is comforting, helpful, direct, and remarkable in its truth, I Used to Have a Plan helps everyone through the painful yet ultimately uplifting process of healing. I Used to Have a Plan includes 75-100 illustrations.

Integrating Information Technology Into the Teacher Education Curriculum Feb 27 2023 While there are books that address the integration of technology into teaching curricula, very few address the process for teacher education faculty and the systemic reform of a teacher education program. Integrating Information Technology into the Teacher Education Curriculum: Process and Products of Change provides practical examples and suggestions for teacher education departments striving to integrate new technologies into their curriculum. It will help in the effort to motivate faculty to make utilizing new technology a natural strategy for the teachers they are educating. It describes the creation of Design Teams at Brigham Young University’s McKay School of Education (funded by a PT3 grant) and how these teams worked to successfully reconfigure the school’s teacher preparation curricula.

But when a chance encounter with a gorgeous biker upends her tidy plans, she finds herself confronting things she’d been happy to gloss over... until now. Will Hawk and Payton’s different worlds collide in chaos, or will they come together and heal the wounds of the past? Will a threat from someone out of Hawk’s past destroy the trust he and Payton are building?

Black Bounds May 06 2021 I don’t belong with her. Born into darkness, life made me a cynic incapable of love. But then Ellie waltzed in. Innocent, optimistic, kind. She’s the opposite of what I deserve. I bought her, but she she stole my heart. Now my business is going up in flames. I have only one chance to make it right. That’s where it happens...something I can never take back. I don’t cheat on her. There’s no one else. It’s worse than that. Much worse. Can we survive this? Praise for Charlotte Byrd “This series thrilled me from the first page and had me completely engrossed. The pacing and plot was excellent. It had the perfect amount of twists and turns, luring me into the fantasy of this amazing book. The story was well-crafted, starting off with characters I fell in love with. I instantaneously bonded with the heroine and of course Mr. Black. YUM. It's sexy, it's sassy, it's steamy. It's everything. I loved every second of it and was so thrilled to have had such a treat.” - Khardine Gray, bestselling romance author "Her words make me ache and yearn for more." - Dancer in the Dark "The story is dark and enticing, taking me deeper into a world from which I never want to emerge." - Lover of Alpha "Addictive and damaged, their love burns slowly but deeply." - Heroes and Alphas “Their chemistry sizzles right from the beginning. He’s the gorgeous and dangerous stranger we all need in our life.” - Making Words Up "Her words made me fall in love. It slayed me!" - Sizzling Books "Left my head spinning! I never wanted it to end!" - Heartbreakers and Heroes

High-Vacuum Technology Jan 14 2022 Offering a basic understanding of each important topic in vacuum science and technology, this book concentrates on pumping issues, emphasizes the behavior of vacuum pumps and vacuum systems, and explains the relationships between pumps, instrumentation and high-vacuum system performance. The book delineates the technical and theoretical aspects of the subject without getting in too deep. It leads readers through the subtleties of vacuum technology without using a dissertation on mathematics to get them there. An interesting blend of easy-to-understand technician-level information combined with engineering data and formulae, the book provides a non-analytical introduction to high vacuum technology.

Pioneers in Neuroendocrinology Dec 21 2019 In the middle and late 1960s, when it was clear that neuroendocrinology was established as a discipline in its own right, it occurred to us that auto biographical accounts of the pioneer work in this field by the major participants would provide a highly interesting and informative account of his tory in the making. With the death of G. W. Harris in late 1971, and the loss thereby of an outstanding pioneer and personality in neuroendocri nology, it appeared to us to be even more urgent to undertake such a ven ture and collect as many stories as possible. The three of us agreed that initially we would limit our invitations to the senior investigators whose re search careers lay mostly behind them, with the hope that if this venture proved successful, we could ask younger and still very active researchers in neuroendocrinology to contribute to a subsequent volume. Most of those invited to write for this book agreed to do so, but regrettably there remain some notable absentees. The authors were requested to write a personal, and even idiosyncratic, account of the steps taken, and the motivation and drive that led them to develop their interest in the relationship between the brain and the endocrine system.
